## Article Guidance

### Article Text

This Billing and Coding Article provides billing and coding guidance for Local Coverage Determination (LCD) L35006, Controlled Substance Monitoring and Drugs of Abuse Testing. Please refer to the LCD for reasonable and necessary requirements and limitations.

### Coding Guidance:

**Notice:** It is not appropriate to bill Medicare for services that are not covered (as described by the entire LCD) as if they are covered. When billing for non-covered services, use the appropriate modifier.

### Utilization Parameters

Consistent with the related LCD:

1. It is not appropriate to report more than twelve (12) presumptive UDT testing (CPT code 80305, 80306, or 80307) testing services per calendar year.
  - As stated in the related LCD, an exception will be made for patients with documented diagnoses consistent with a substance abuse disorder (SUD). It is not appropriate to report more than three (3) presumptive UDT tests (80305, 80306, or 80307) in seven (7) days when billed with any of the ICD-10 codes noted in ICD-10 Group 1 Paragraph.
2. It is not appropriate to report more than twelve (12) definitive UDT testing services (CPT/HCPCS code G0480, G0481, G0482, G0483, or G0659) per calendar year for chronic opioid therapy (COT), as noted in ICD-10 Group 2 Paragraph. Refer to the related LCD for more information.
3. It is not appropriate to report more than one (1) presumptive test result per patient per date of service regardless of the number of billing providers.

### Documentation Requirements

**Note:** Refer to the LCD for documentation requirements, in the patient's medical record, of medical necessity for testing ordered on an individual patient basis by the clinician.

1. All documentation must be maintained in the patient's medical record and made available to the contractor upon request.
2. Every page of the record must be legible and include appropriate patient identification information (e.g., complete name, dates of service[s]). The documentation must include the legible signature of the physician or non-physician practitioner responsible for and providing the care to the patient.
3. The submitted medical record must support the use of the selected ICD-10-CM code(s). The submitted CPT/HCPCS code must describe the service performed.

**Group 2 Paragraph:**

It is the provider's responsibility to select codes carried out to the highest level of specificity and selected from the ICD-10-CM code book appropriate to the year in which the service is rendered for the claim(s) submitted.

Physicians are to select the most appropriate diagnosis code. Labs are not to prepopulate requisition forms with diagnosis codes.

The following ICD-10-CM codes support medical necessity and provide coverage for **HCPCS codes: G0480, G0481, G0482, G0483, or G0659 (Definitive UDT)**

**Bill Type Codes**

Contractors may specify Bill Types to help providers identify those Bill Types typically used to report this service. Absence of a Bill Type does not guarantee that the article does not apply to that Bill Type. Complete absence of all Bill Types indicates that coverage is not influenced by Bill Type and the article should be assumed to apply equally to all claims.

Complete absence of all Revenue Codes indicates that coverage is not influenced by Revenue Code and the article should be assumed to apply equally to all Revenue Codes.

**Note:** The contractor has identified the Bill Type and Revenue Codes applicable for use with the CPT/HCPCS codes included in this article. Providers are reminded that not all CPT/HCPCS codes listed can be billed with all Bill Type and/or Revenue Codes listed. CPT/HCPCS codes are required to be billed with specific Bill Type and Revenue Codes.
